Pursuing German, Bulgarian and Turkish cavalry reached Caramurat, north of Constantza and captured seventy five officers, six thousand men, one flag, seventy-two machine guns, twelve cannons and one mine thrower. (East Oregonian Special.)
ATHENS, Oct. 24.—It only since Sunday night, Miss Dolie White, 17 year old Athena high school girl, died this morning at 5 o'clock. The cause of her death is unknown. She did not complain of feeling badly until about noon before her death. She was not considered serious until a short time before her death. Then a physician was hastily summoned but she passed away before his arrival.

Miss White was injured about two years ago in an automobile accident between Milton and Walla Walla and was in a critical condition owing to concussion of the brain. Her last illness was attended by a gathering in the head but whether there was any connection between that and her injury in the accident is not determined as yet.

Deceased was a popular member of the sophomore class of the high school and was a member of the basketball team. She is survived by her mother, Mrs. F. M. White, and six brothers of Athena and a sister living in Durkee. Funeral arrangements have not yet been made.

ARMY OFFICERS LEARNING HOW TO DEFEND UNITED STATES

The best brains of the army are frequently engaged at the army war college in Washington in intricate maneuvers on an exact-scale map where imaginary battalions meet or evade each other on the field of battle. Two men command each side, playing in turn, while a director measures the ground, estimates time required for movements and referees the fight. A secretary records the various commands and scores the results.

MAN IS BEATEN AND ROBBED IN LOCAL DEPOT YARDS LAST NIGHT; ASSAILANTS ARRESTED

After an all-night search, Sheriff T. D. Taylor this morning at 7 o'clock placed under arrest two young men giving the names of George Went and John Burns and who confessed to have beaten up and robbed Joe Miller in the local depot yards last night.

tracks. The sheriff doubled back on No. 5 this morning, dropping off at Youkum. He walked east from Youkum and met the two men.

After some hesitance they admitted their guilt. They were walked back to Barnhart and then brought to Pendleton. When searched \$25 was found on them and a black mask was found upon one. Both are young men of about 21 or 2.

According to the story of Mr. Miller, he was coming from the depot between 9 and 10 last night. He was crossing the park ways when, without warning, he was attacked from behind. When he revived, one man was on top of him and holding his mouth closed to prevent his calling for help. The other was rifling his pockets. He remembers being struck a second time while he was down but his appearance indicates he was struck many times, probably with some instrument.

His face and ears are cut in several places, his eyes are blackened and there are many bruises and abrasions all over his face and scalp.

Having taken all his money, about \$43, Mr. Miller says his assailants fled. He reported at once at the police station and both police and sheriff's officers started to work at once upon the case.

Mr. Miller has been working for C. P. Miller, the plumber, and had just been paid off. He cashed the check yesterday and recalls having seen a large man watching him as he received the money. He thinks the man laid in wait for him between the cars of a train standing on the track. The larger of the two, he says, carefully kept behind him so that he could not be seen clearly.

ENGLAND TAKES PORTLAND FLOUR

PORTLAND, Oct. 24.—It is learned reliably that Britain has purchased two shiploads of flour here in the last few days. She offers over the market price, \$7.80 a barrel. One Chicago firm has purchased nearly a million bushels of northwestern wheat within the last few days, paying a dollar and fifty five for bluestem, Portland delivery. The demand is increasing.

PORTLAND PRICES ARE STILL HIGH

CHICAGO, Oct. 24.—December wheat jumped to four and one eighth. It closed at one seventy nine and one eighth. May opened down three eighths, but jumped to one seventy eight and one eighth at closing. Early reports of Argentine crop damage were exaggerated and checked the upward trend this morning. Just before the close later reports caused sudden sprouts. They gained the greatest during the final fifteen minutes.

ECHO, HEART OF REPUBLICAN IS FOR WILSON

ECHO, Ore., Oct. 24.—(Special.)—A straw vote was held last week at the George & Miller Co. store for president of the United States with the result of Wilson 95, Hughes 94 and Benson 4. This is quite a victory for Wilson when it is remembered that the registration of these two precincts has always been strongly republican in politics.

CALLS ADAMSON LAW MONSTER GOLD BRICK

Chairman Willcox Declares Measure Will do More Than Anything Else to Defeat President.

WASHINGTON, Oct. 24.—Republican Chairman Willcox mailed a statement to Washington newspaper correspondents saying: "The Wilson-Adamson wage increase bill will do more than anything else to defeat the president's ambition to succeed himself.

Wilson succeeded in handing a gold brick to the presidents of the railway brotherhoods. He cannot deceive the men they represent once they get a chance to examine the bills themselves."

He declared the Adamson law makes every railroad employ subject to injunction, a fine of a thousand dollars and a year's imprisonment for interfering in interstate traffic. He said the fact that President Lovett of the Union Pacific and the president of the Erie had determined to support Wilson, should cause suspicion.

A corn doctor may make money, but he is in no position to acquire much glory.

H. S. DANCES WILL BE HELD IN "GYM"

All high school dances in the future will be held in the gymnasium of the building, according to action taken last evening at a meeting of the High School Parent-Teachers Association.

Not only will the dances be held in the building but they will be attended by patrons of the school, who were given the opportunity last evening to express their willingness to attend all the functions. This action was the result of a discussion of high school amusements participated in by fifty patrons.

The boys' and girls' forums will be started again this fall, the first meeting to be a banquet given by the Domestic Science department. It was the opinion of the meeting that more discussion should be secured in the girls' meetings. Supt. Park was authorized to proceed with the formation of the forums.

Mrs. K. G. McKee, for the north side, Mrs. F. E. King for the Hawthorne district and Mrs. T. R. Hampton for the Washington district, were elected vice-presidents of the high school association, thus completing the organization of the association.

That the high school should be used as a social center for the young people of Pendleton was the plan advanced by Rev. J. E. Snyder, and it was the opinion of the meeting that something should be done to establish a suitable gathering place.

The meeting opened with several reels of educational films.

Refugees Arriving in El Paso Declare Bandit and Followers Surround Western Suburbs

TREVINO MAY EVACUATE

Situation is Evidently Serious—U. S. Soldiers Are Only 25 Miles Away—Villa Encamped at Hearn Ranch and Killed 600 Beavers.

JUAREZ, Oct. 24.—Chihuahua City refugees reported that Villistas and Carranzistas skirmished at Presno, ten miles west of the city. Presno is Villa's own ranch, which he purchased while he controlled Chihuahua state. The fugitives' exodus is increasing.

EL PASO, Oct. 24.—Hundreds of Chihuahua city refugees who arrived here confirmed Villa's presence outside the city. They declared the bandits were surrounding the western suburbs. An attack is momentarily expected.

Three hundred fugitives arrived at midnight. Another train brought the family of General Trevino, Carranzista commander. Thirty girls, members of the capital's most prominent families, were in one car.

Many refugees cossed to the American side. Many believed Trevino intends to evacuate the city if Villa attacks. The situation is evidently serious. Trevino's family went to Chihuahua only a week ago. Refugees also confirmed the report that Villa overwhelmed the Carranzistas in a battle near the city.

The fugitives stated that Villa camped at the Hearn ranch near Namiquipa recently and killed six hundred beavers. The American Fifth Cavalry patrol is only twenty-five miles away.

Emiliano Cantu, secretary of General Jose Robles, leader of the new rebel movement, declared that Robles was marching against Mexico City to oust Carranza. He sent an ultimatum demanding that Carranza quit and release certain political prisoners. Rebel columns entered Puebla state, south of the capital.

State department officials learned that Robles commands twenty two thousand men. He controls the entire state of Oaxaca. The Mexican defense officials originally sent Robles to campaign against Diaz. Instead Robles and Diaz fused. Many Diaz soldiers are with Robles. It is reported four hundred men are marching from Sonora to join the Villistas outside Chihuahua City. Other organizations are moving rapidly from Torreón and Durango, all determined to reinforce Villa.

Senator Chamberlain is scheduled to speak at the Oregon theater Saturday evening and big preparations are being made by the democratic central committee and the Woodrow Wilson League to hold a celebration and rally. Saturday is Wilson Day all over the nation and the president's friends will be asked to demonstrate their loyalty to him. One of the features of the Wilson day program here will be a parade of foot marchers, men and women. E. J. Murphy has been named to take charge of this feature and will announce his plans later.

Chamberlain will remain over Sunday in Pendleton and will probably be banqueted Sunday evening by the Wilson league. On Monday he will speak at several different towns in the county. His schedule is, Adams at 9 a. m., Athena at 10:30, Weston at 1:30 p. m., Prosswater at 3:30 and Milton at 7:30. From Milton he will come back to Pendleton and go to La Grande.

This statement was made by Frederick A. Burrows, assistant grand chief of the Brotherhood of Railroad Engineers, in an interview today at the Herald Square hotel. Burrows said public opinion is squarely in favor of an eight-hour law, that even railroad presidents are beginning to see the wisdom of the course and that anyone who tried to checkmate the law did so at his peril.
